

Reframing Rainbows

**I want to reframe this potential
Show you these services as diverse spaces
You might see communities tired, just holding on
But I see this community holding on in strength.**

**Strength in the future, to hope we can link in worlds
From beyond...**

**I'll make you see this dream realised, of a vibrantly
creative CR7,**

**Filled with rainbows, smells and sounds attracting
Dynamic flavours, enticing you to stay by the side of
Artists making, showing and selling their wares. It's
Exciting but safe, you can rest and thrive
Here in these reframed rainbows.**
