

OUR PLACE

This is a document of our Croydon, of places in this area that we love and creatures that we can imagine living here.

This booklet holds the work of MOSS, who work together at TURF.

HOW TO PLAY

The tables here will help you create a mythological creature. Roll on each of the tables to discover more about their appearance, habits and desires.

Roll or choose as many times as you like on each table and combine the results.

Draw a picture of the creature you create.

Write a tale about people encountering your creature. Does it end well or badly? What do the people learn about the world?
